LOW INCOME HOUSEHOLD WATER ASSISTANCE PROGRAM (LIHWAP)

The application period for the New Jersey Department of Community Affairs' Low Income Household Water Assistance Program (LIHWAP) is now open. This federally funded program provides financial assistance to eligible low-income households to reduce the balances on their residential water and sewer bills. LIHWAP will provide benefits directly to water and sewer service providers on behalf of residential customers.

To be eligible for LIHWAP assistance, applicants must be water/sewer bill holders who are responsible for paying their water and sewer bills directly to the water/sewer provider. Also, applicants' total gross household income must be at or below 60% of the state median Income (\$6,439 a month for a family of four). The LIHWAP frequently asked questions webpage, available at https://njdca-housing.dynamics365portals.us/lihwapfaq, has additional information about maximum income limits and other items. Participants in the Low-Income Home Energy Assistance Program (LIHEAP) are automatically eligible for LIHWAP assistance so long as they are water/sewer bill holders.

People can apply online through the DCAid application portal at https://njdca-housing.dynamics365portals.us/en-US/dcaid-services/. Those without computer or internet access can call 1-800-510-3102 to be directed to one of the community action agencies for assistance with starting, completing, and submitting an application online.

If a residential customer applies for LIHWAP assistance prior to June 15, 2022, enforcement actions on unpaid water or sewer balances are placed on hold for up to 60 days or until such time as a complete application is approved or rejected by the Department of Community Affairs. Please notify the Borough of Buena Municipal Utilities Authority immediately at c.santore@buenaboroughmua.com or 856-697-1784 if you have filed a LIHWAP application.
